Re : RainbowAir Activator

City Edge Serviced Apartments purchased a RainbowAir Activator 1 month ago for use in guest apartments.

We have found the unit highly effective for eradicating a range of odours of various strengths.

The problem odours we have encountered include cigarette, cigars, cooking and paint smells. Deodorant sprays have not been effective in removing smells completely, particularly from carpets, bed linen and drapes (without incurring expensive dry cleaning costs).

The RainbowAir Activator has successfully removed all problem odours. The unit is easily transported and simple to operate and we have dubbed it "The Magic Box".

City Edge Serviced Apartments have no hesitation in recommending the Rainbow Air Activator.

Yours sincerely

Jackie Grierson
